Donn,

Please proceed with scheduling a community meeting for San Jacinto in February. I discussed the Galveston Bay meeting with Leah today & there was a lot of confusion about what happened with the activities last month at the site, and uncertainty about whether we were going to do another community meeting soon. Also, please say something about the upcoming community meeting in the current fact sheet.

Thanks,

Gary Miller

Gary/Linda,

There was a presentation on the waste pits yesterday at the State of the Bay Symposium. It was mostly on target regarding the presentation by Galveston Bay Foundation, but it got a little out there during the Q&A session. Just wanted to give you both an update on what we are hearing on the street.

Leah
